RATIONAL

Schools are an integral part of society that provides children with important and necessary skills for life. The Australian Government recognises the vital role schools play in the development of the person and have therefore made a legal requirement on attendance.

Under the Education Act 2016, students of 5 years of age are to attend school. Unless exempted or excused under this Division, a parent of a school-aged child must ensure that the child:

- (a) attends school each school day; or
- (b) receives home education; or
- (c) participates in an individual education program.

At Our Lady of Lourdes School we believe that:

- regular attendance has a considerable impact on students' academic and social performance,
- a regular pattern of attendance at school helps to develop valuable life skills, such as commitment to family, work, social and sporting responsibilities,
- by making sure that students are at school for the required time, the school and parents are indicating a commitment to lifelong education,
- while there are, on occasions, special circumstances and family commitments which require students to be absent from school for a number of days, these occasions should be kept to a minimum,
- by adhering to this attendance policy, home-school communication is further strengthened.

AIMS

- To encourage all students and parents to see the need for consistent attendance at school.
- To encourage all students and parents to develop sound attendance patterns.
- To maximise learning opportunities by ensuring absenteeism of students is kept to a minimum.
- To maximise the opportunities for students to develop social skills.
- To put into place processes for managing absenteeism and truancy.

RESPONSIBILITIES

It is a parental responsibility to:

- Ensure children attend school each day as required by the Principal.
- Ensure children are not kept at home, unless they are genuinely sick. *Parents who fail to ensure that their child is enrolled in or attending at a school appropriate to the child's educational needs or is registered as a home educator in respect of that child may be prosecuted.*
- Ensure children are not taken out of school unless it is really necessary.
- Inform the school of their child's absence in the first hour of the same day and subsequent days.

- Provide a medical certificate after an absence of five days at the request of the Principal.
- Notify the school in writing when their child is leaving to attend another school.

It is the responsibility of the classroom teacher to:

- Record student absentees daily in the Absentee Record.
- Send Absentee Record daily to the school office.
- Notify the school principal of unexplained regular absences and/or when a student has an unexplained absence for five or more consecutive days.
- Send Appendix 1 to parents for any unexplained absence/unsuccessful contact once child returns to school.

It is the responsibility of the School Principal to:

- Follow up regular and consecutive unexplained absences from the student's parents/carers.
- Notify the Tasmanian Catholic Education Office when a student's absenteeism is of concern.
- Inform parents/carers about the Policy.

It is the responsibility of the Administration Staff to:

- Maintain student attendance records in the data base.
- Contact parents of any students with unexplained absence by SMS..
- **Please reply to this SMS or call OLOL on 64241744 as (Students Name) is recorded as absent today**, and follow up if needed with phone call, to confirm student absence.

It is the responsibility of the School Principal to:

- follow up regular and consecutive unexplained absences from the student's parents/guardians.
- notify the Catholic Education Office when a student's absenteeism is of concern.
- inform parents/guardians about the Policy.

Policy Procedure

- All full-time enrolled students are expected to attend all of each school day.
- Class teachers will complete an attendance register each morning and provide the register to the school office.
- If students are to be absent from school, parents must inform the class teacher by note, or by contacting the school by SMS or phone call, before the start of the school day.
- Office staff will cross check messages re student absence with the class registers and record the reason/s for the absence.
- The parent/guardian is to advise the class teacher or the office if a student is to be absent for longer than two consecutive days.
- If a student is away for five consecutive days without notification from the parent/guardian, then the Principal or Principal's nominee will communicate with the parent/guardian to establish the reason for the child's absence.
- Attendance records will form part of each child's half-year and end-of-year progress reports to parents.
- Class teachers are to bring to the attention of the Principal any student/s whose attendance is irregular, has unexplained absences, or whose absences appear unwarranted.
- Where there is a problem of absenteeism, the Principal will contact the parents/guardians by letter to gain an explanation and will take further action as needed.
- The Principal may ask for a medical certificate or statutory declaration to explain absences for illness after a child has been absent for a total of more than 5 days in the school year. This is only required if the Principal has requested it.
- The school will follow up non-attendance, which could include sending letters to notify parents of how many unauthorised absences your child has had during the year.
- The school will work closely with parents to support a child's attendance at school to maximise their learning.
- The school can provide options for continued learning where illness is resulting in Absences.
- The Principal may request evidence for other authorised absences; such as evidence of participation in an event or recognised learning experience, or a statutory declaration from a parent. This is only required if the Principal has requested it.
- In the case of 20 absent days in one school term, or a pattern of absenteeism that is of concern, the Principal will initiate a case management approach with the parent/guardian to support the student to return to regular attendance.
- There is a compulsory conciliation process to help resolve issues that are causing a child not to attend school.

- A copy of this policy is available on the Our Lady of Lourdes Catholic School website.
- New families to the school will be provided with an extract of the policy in the Our Lady of Lourdes Information Booklet.
- Our Lady of Lourdes Catholic School reminds parents of the attendance policy in the school newsletter every term.

Policy Evaluation

The policy will be reviewed every 3 years.
