

VOLUNTEERING AT OUR LADY OF LOURDES CATHOLIC SCHOOL

Volunteering is a wonderful experience where giving of yourself is the reward.

We invite you to give of your time and energy to assist in supporting your school community. There are many opportunities for family and friends to be involved at Our Lady of Lourdes. These could be by assisting in the canteen, undertaking classroom help, assisting on excursions and during carnivals, or simply listening to children read before school. In order to volunteer at our school, Federal Regulations require that all volunteers complete a Working With Children Registration as part of the Working With Vulnerable Persons Act. The process is straight forward, and can be completed online by clicking the link below. It is important to note that unless you have your Working With Children Registration and have it recorded at the office, you are not allowed to work as a volunteer in our school in any capacity.
